In The Magical Approach, Seth invites us to look at the world through another lens—a magical one. Seth reveals the true, magical nature of our deepest levels of being, and explains how we have allowed ourselves to become inhibited by our own beliefs and conventional thinking. The Magical Approach teaches us how to live our lives spontaneously, creatively, and according to our own natural rhythms. It helps us to discover and tune into our natural, instinctive behavior. By applying the principles in this book, readers will learn to trust their impulses and discover the highest expression of their creativity. We are speaking about an approach to life, a magical or natural approach to life that is man’s version of the animal’s natural instinctive behavior in the universe.
